# About Us

Rhombus Europe is a manufacturer of premium electrical accessories for residential, commercial, and hospitality environments.

We specialize in the design and production of best-in-class handcrafted switches, sockets, push-button panels, and high-quality wiring accessories. Each product is meticulously engineered and manufactured in-house, ensuring uncompromising performance, precision, and durability.

Our collections combine advanced electrical engineering with refined contemporary design. Available in a curated selection of sophisticated finishes and materials, Rhombus products are created to seamlessly integrate into high-end architectural and interior concepts while meeting the highest technical standards.

At Rhombus Europe, we create a seamless connection between functionality and aesthetics - where comfort, reliability, and design excellence coexist.

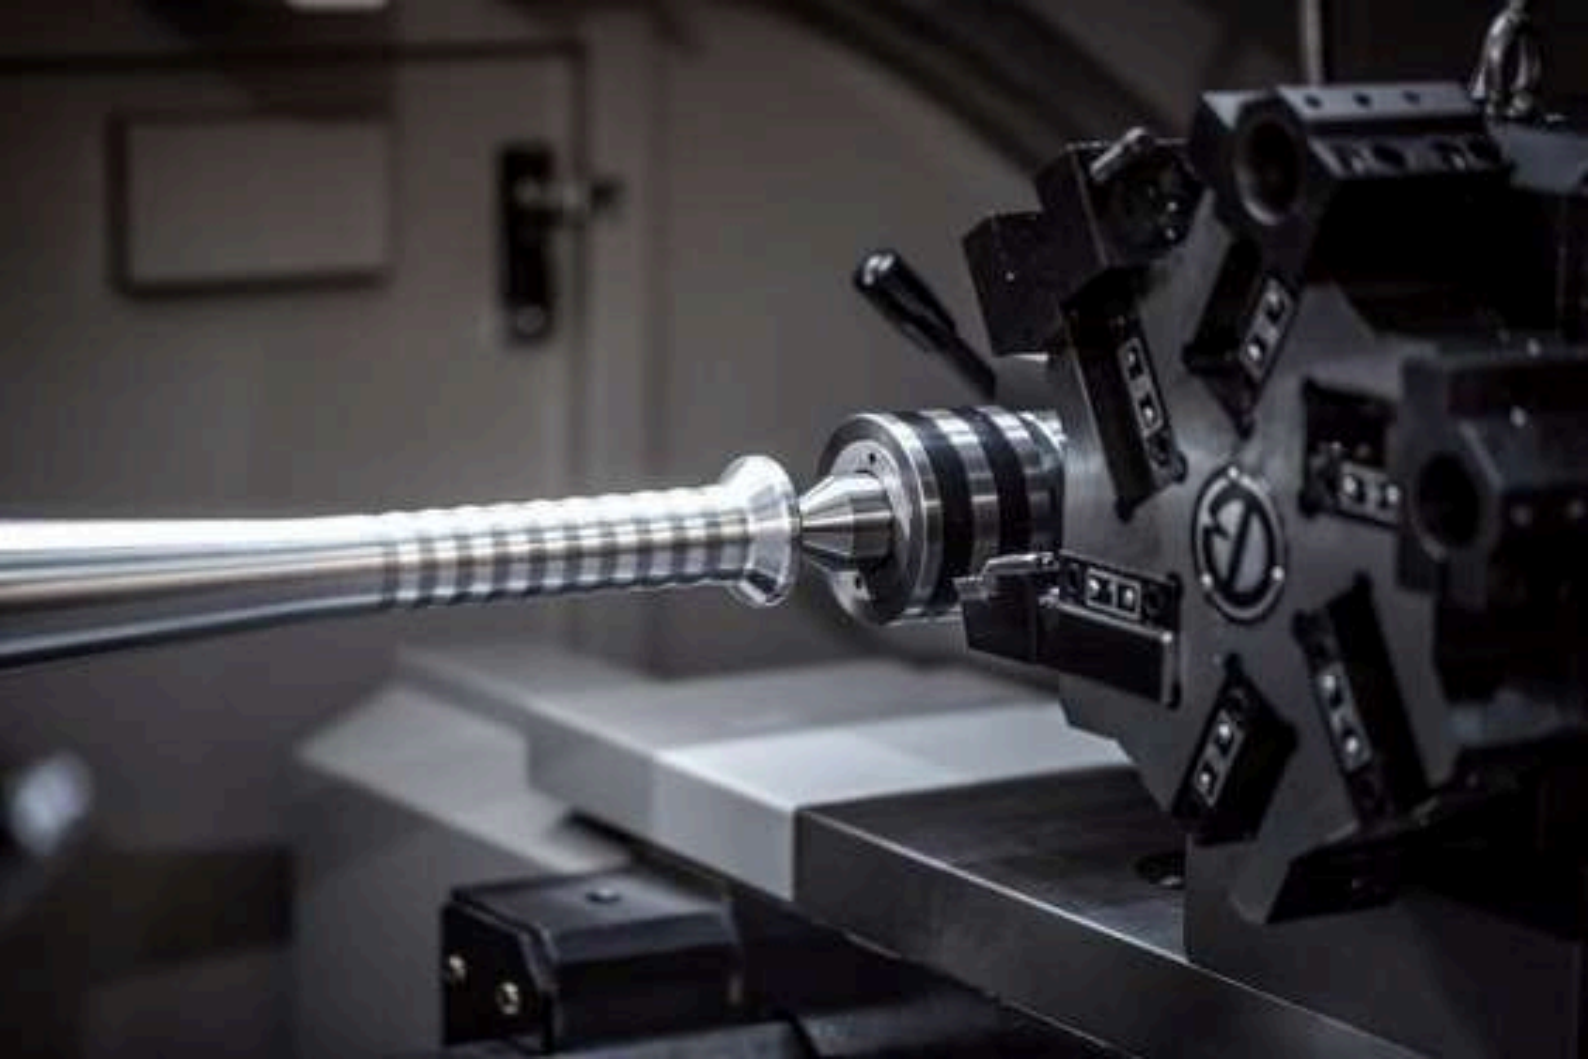

In addition to our core electrical ranges, we develop smart solutions that support modern, connected, and energy-efficient living.

Rhombus is more than technology - it is a trusted partner in shaping a smarter, more connected, and sustainable way of life.

# PIANO collection

**NO FRAME & SHARP EDGES.**

The Piano collection is inspired by the elegance and rhythm of its namesake instrument. Clean vertical lines and refined proportions create a harmonious composition, while the slim handles echo the look of piano keys, adding a subtle yet distinctive design accent. The result is a surface that feels structured, balanced, and visually calm.

Designed to elevate living spaces, the Piano collection blends functionality with timeless aesthetics. It is an ideal choice for interiors that value understated luxury, refined details, and a sense of quiet, architectural beauty.
