EXCELLENCE IS IN THE DETAILS.

WE OFFER PERFORMANCE , RELIABILITY AND PERSONALIZATION

LIGHTING CONTROL Once the day's done, set the perfect scene for a family dinner or to snuggle up for a movie, as the screen drops, the lights dim, and you settle in for a perfect evening.

CLIMATE Set the perfect temperature, always. If it's cold outside, your home will adjust perfectly to keep you warm, or if it's too hot set the climate to cool. Intuitive, sophisticated climate control for every season.

SHADES Crestron motorized shades and drapery systems transform any room into a more spectacular space. Our stunning designer fabrics, elegant hardware, and world-class technology ensure you find the perfect shading solution for all the windows in your home.

AUDIO Crestron makes entertaining truly effortless. Set the mood for the party with one touch. Want different music playing in the kitchen than in the dining area? It's easy with Crestron in your home.

VIDEO Crestron takes your viewing experience to a whole new level. Whether you're watching your favorite show on cable TV, streaming a blockbuster movie, or playing a cutting-edge game in 4K Ultra HD, one touch ensures the screen you're viewing is optimized for whatever content you choose.

HVAC

- **FULL control** – use our products to set values for Heating and Cooling.
- **Recommended** – connect our system with HVAC system via **BACnet** (standard protocol). This way professionals make their own set up and we will use their values to show and control HVAC via Touch panels and mobiles.
- **Cool automation** – for more complicated and bigger projects we recommend to use Coolmaster for simple integration with HVAC system via **BACnet**.
